The advantages of UC Irvine

(From UC Irvine website and Wikipedia)

- Three UC Irvine researchers have won Nobel Prizes in chemistry, and in physics. UC Irvine has 22 members of National Academy of Sciences, 8 members of the National Academy of Engineering, 39 members of the American Academy of Arts and Sciences.
- UC Irvine is one of only 62 institutions elected to the Association of American Universities—a list that includes Harvard, Yale and Rutgers.
- The student-faculty ratio at UC Irvine is 19:1, and the school has 50 percent of its classes with fewer than 20 students. The average freshman retention rate, an indicator of student satisfaction, is 93.5 percent.
- UC Irvine received the prestigious STARS gold rating from the Association for the Advancement of Sustainability in Higher Education.
- As one of America's largest planned urban communities, Irvine encompasses more than 65 square miles and enjoys a Mediterranean climate in a very clean and family-oriented environment in the heart of Orange County. Irvine is ranked the "Safest Big City in America" for nine consecutive years by the Federal Bureau of Investigation (FBI).
- Located in California, being in proximity to Asia, it is a most favorite destination of choice among Chinese. Well-known for its warm and sunny weather, its temperature ranges from an average of 50F in January to an average of 85F in July. It enjoys (on average) 300 days of sunshine per year.
- Known as a hi-tech hub, California is home to many world renowned hi-tech companies including Apple, Facebook, Google, Oracle, Cisco, etc... This generates a lot of demand for university graduates.
